My dear Sir

In compliance with the wish of the Committee I have drawn up the plan of a memorial for the E in which you will make such alterations as you th fit. You see by the resolutions & proceedings of the Afr Society what is going forward, & how necessary it is for us to exert ourselves for our Connections in India, or the work will be taken out of our hands. Most earnestly I wish to do every thing in my power to promote the great cause of Christianity in India and some fresh ex must be employed by us. I shall hope for the pleasure of seeing you at Bartlett's Buildings on the 4 and 5.

I conclude Mr Parry and others will be aware that the E I business is to come on the day. I return you also the Minutes of ittee by which the business will again be brought

e the Board.

will not detain you further than to assure you

We have this Year received no letter from you nor are the Benefactions for the Miſsion arrived, which we suppose to be lost with the Dorrington at Pettham, which & 2 other Ships till this Day we have no advice of. A Tryal which we have formerly often experienced, and under which Divine Providence has wonderously granted help and aſsistance, but which at this time according to all probability will be more severe upon us then ever, not only because the Miſsion is already much indebted, but also on Account of the Dearth and Scarcity of Proviſion, wherewith this Place is more severely visited then any upon the Coast. Only for an Inſtance: at Madraſs they sell 14. Marcal of Paddy for 1. Pagoda and here only 7. And as there is news from Bengal of a Famine, it is prohibited to export any grain from Madraſs, so that from thence we can get no Supply. It may seem very tedious to You that we mention so much of these circumſtances, but if You put Yourſelfe in our caſe, who feel the weight of this burden not only in our own families, but for the [illegible] and many other poor christians [illegible] judge we cannot [illegible]

This is all [illegible]

[illegible] Years Benefactions, which usually arrive in July, are not yet come, nor may this late Season now admit of it till after the Monsoon. We have in our many wants, already been obliged to borrow money not only from our Brethren at Tranquebar, but also from another Gentleman in Madrass. We will in these melancholy circumstances contract the disbursements as much as possible. But without detriment to the Mission, we cannot, neither the Catechists and Schoolmasters, live without our monthly Salaries, nor can we give up the Charity Schools, and Suffer poor Orphans to Shift for themselves, particularly at Such a time as this, when it would be impossible for them to find their Support. We humbly lay this case before You to Your consideration, and confidently trust to the Same Divine Goodness that has so often allready in Such distress taken care of us.

We send hereby our Journal for the first 6 months of this Year. And besides that, we have nothing more to add, as no alterations have happened Since our last Accounts.

We humbly thank God both we and our fellow labourers enjoy a good health, and we go on in our Work, as mentioned before.

As

As many more poor Engliſh [illegible]
now come lately into India, then formerly, and
ſome part of them deſired to have ſome Books
and Tracts to read for their edification, but ſuch
not to be had in this Country, or none are brought
out hither beſides what the Honble Society year-
ly ſends. And moſt commonly ſuch as have a true
deſire for them, are poore, and cannot afford
to buy them. We have therefore lately had oppor-
tunity enough to diſtribute all which we had.
Particularly alſo to a Schoolmaſter in Bengall
whom we now have ſupplyed with the beſt we
had. This man wrote to us, that he had ſome
poor Proteſtant Children to inſtruct, but was in
the greateſt want of the proper Boocks and Tracts
whereby he may plant Religion in their minds,
and be able to oppoſe the Strength of Popery that
has ſo ſtrongly fortifyed itſelf in that place.
We beg therefore the Honble Society would conti-
nue to ſend us a Yearly good Supply of theſe.

And as the Honourable Joan Giden Loten
Governour of Ceylon, reſiding at Columbo, has
requeſted of us to write to You and preſent his
hearty complements to the Honble Society and
beg the favour of You to procure and ſend
him with the very firſt Opportunity Som

and Mathematical inſtruments,
which he thankfully will pay the Amount
to our Miſsion; So we have taken the liberty
to join hereby a liſt of theſe Books and
Inſtruments, which he deſires, and join
herewith our humble requeſt, that You would
do Your beſt in this caſe, as He is a good and
learned man, who deſerves to be encouraged,
and whom this poor Miſsion may injoy as
a Benefactor and wellwiſher.

With hearty Prayers to God for his Bleſsing
to all the Honble. Society's endeavours, we
remain
